Midwest Energy Association Life Sustaining Action Award Rules

Purpose

The purpose of the MEA Life Sustaining Action Award program is to recognize MEA member company employees who have attempted to save the life of another.

Eligibility

Candidates of the award must be employees of a MEA utility member company. All employees from MEA utility member companies are eligible.

Recommendation

A member of the Midwest Energy Association must recommend the candidate for the award.

Requirements

Full details about the action must accompany the application for the award. Awards will not be made to individuals performing as members of rescue squads, ambulance teams, or paramedics at the time of the act.

Awards

Applications will be sent to the MEA Board of Directors for final approval. If the Board approves the applications, candidates will receive their awards at the MEA Operations Conference.
